

Code "W"

To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean using a mild water-free solvent or dry cleaning agent such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.

Code "S"

To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean using a mild water-free solvent or dry cleaning product containing carbon tetrachloride which is highly toxic. As an alternative, Energine Cleaning fluid is recommended. Pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.

Code "W-S"

To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean using a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well ventilated room. Avoid any product which contains carbon tetrachloride which is highly toxic. Energine Cleaning fluid is recommended as an alternative. With any method, always pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.
